- **Currently direct a 450-person staff** and \$100M Operations and Maintenance budget for the integration of C4 systems serving the Secretary of Defense, the Chairman, Joint Chiefs of Staff, the Secretary of the Air Force, and Headquarters, Air Force.  
*"...instrumental in selecting a \$377M outsourced network performance contract...focal point for 60 Pentagon organizations during/after terrorist attack on 9/11....dynamic.... hard-charging....excels..." (from official Evaluations)*

**US Air Force officer. Solid professional preparation. TOP SECRET/SCI clearance, with West Coast Lifestyle and SCI Polygraph.**

- Credited with institutionalizing Pentagon IT configuration management—increased network speed by 70%. Directed the first Army rapid firewall deployment.
- MS in Systems Management. Graduate, Air Command and Staff College. International experience in Europe, Asia, Africa, South America; substantial experience in Middle East.
- Certifications: Chief Information Officer — National Defense University, 2003. Information Assurance — National Defense University, 2002.

**PROFILE** **INFORMATION MANAGEMENT — SOLUTIONS ENGINEERING**

**Comprehensive experience in the Pentagon**—hand-picked for 2 tours, 3 and 4 years at a time.

- RESULT**
- Upgraded legacy modernization program with new IT technologies. Improved reliability by 100%. Created the first Gigabit Infrastructure for classified/unclassified systems in the Pentagon.
  - Directed the seamless installation of a new survivable network for the Secretary of Defense and the Joint Staff.

**Served as Chief of Policy and Strategy** and as Plans/Programs/Engineering/Integration Flight Commander at Davis-Monthan AFB.

- RESULT**
- Improved efficiency and productivity of C4 and air traffic control support to Joint Chiefs of Staff-sponsored military exercises as well as actual emergencies and contingencies requiring immediate responses.

**Managed over \$400M in assets** and led teams totaling 495 people in Southeast Asia.

- RESULT**
- Credited with restoring communications normalcy after Khobar Towers terrorist bombing.
  - Closed communications at one base and built another from bare desert unique operations during wartime. Created complete infrastructure for airfield management during non-stop Operation SOUTHERN WATCH.

*1999-present* **Director, Network Infrastructure Services & Operations — Director, Network Management Operations & Renovation — Chief, Pentagon Renovation Services Center**  
Air Force Pentagon Communications Agency — HQ, Air Force — Pentagon

Selected for top-tier assignments requiring the ability to integrate problems and needs with assets and solutions. Broad operating authority in this fast-paced environment.

- RESULT
- Provided crisis action center support of Operation IRAQI FREEDOM. Coordinated emergency customer requirements for senior leadership throughout the Pentagon.
  - Chaired emergency configuration control board in support of war effort. Personally took charge of 24 short-fused projects.
  - Led planning for network core modernization program; completed this in six months. Provided new capability for modeling and simulation using in-house resources—saving \$10M for AFPCA.
- “...top senior officer...excels...” (from official Evaluations)

*1996-1999* **Chief of Policy and Strategy — Deputy Commander**

612<sup>th</sup> Air Communications Squadron — 12<sup>th</sup> Air Force — Davis-Monthan AFB, AZ  
Nucleus in developing strategy for US Southern Command Theater Engagement Plans.

- RESULT
- Found \$2.95M to provide Integrated Air Picture for USSOUTHCOM.
  - Brought video-conferencing online, saving \$100K in annual travel.
  - Provided the leadership to stand-up two organizations in six months.

*July-Dec 1996* **Commander** — 4404<sup>th</sup> Air Force Communications Squadron — Saudi Arabia

- RESULT
- Restored communications after terrorist bombing of Khobar Towers. Praised as “consummate overachiever...”

*1993-1996* **Information Systems Engineering and Integration Analyst — Chief, Network Management Branch — Acquisition, Development and Operations Manager**  
Headquarters, US Air Force / Joint Staff — Pentagon

- RESULT
- Saved \$15M—with delivery two years ahead of schedule—by selecting of open system architecture for Joint Staff Automation. Achieved this while operating with 30% loss of assigned staff and 100% turnover.

*1990-1993* **Commander, Logistics Squadron** — US Air Force — Onizuka AFB, CA

- RESULT
- Led support to \$6.2B satellite control network and 10 worldwide sites. Transitioned network from manual to semi-automated capability. Generated 99.96% system availability, while reducing operating costs.
  - Directed the activities of 700 contracted personnel worldwide.

*1975-1989* Completed technical and leadership assignments at US Air Force installations, worldwide.
